

Renegade Clean-Face Direct-Vent Fireplace WITH TRUFLAME TECHNOLOGY

Renegade 40-inch
Clean-Face Fireplace
with Black Porcelain Liner

RENEGADE CLEAN-FACE Direct-Vent Fireplace

Available in 36-inch and 40-inch models, the Renegade features a dual burner that creates a tall lively fire, accented with your choice of the Traditional Charred or the Driftwood log set, and large glowing ember bed. The huge ceramic glass front allows heat to easily transfer in to your living space and provides a clear view of the fire.

While the Renegade is a visually stunning fireplace, what you can't see makes it even more impressive. TruFlame Technology – featuring a ceramic catalyst – minimizes emissions while maximizing heat efficiency. This results in the most realistic flames, reminiscent of a wood burning fire.

An external air control eliminates the guesswork during setup and allows your dealer to fine tune the flame, ensuring a beautiful fire.

INSPIRING VERSATILITY

Liners & Logs

(ONE OF EACH REQUIRED)

Traditional Stone

Cottage Brick

Black Porcelain

Traditional Charred Log Set

Driftwood Log Set

Fronts & Other Accessories

Inset, Andirons, and built-in
Accent Lighting

TRUFLAME TECHNOLOGY

Most Realistic Flames

Complementing the logs and giant ember bed, TruFlame Technology includes two burners for independent front/rear burner control of the ultra-realistic flames. With both burners in your control, you can call for a roaring fire, a low glow, or anywhere in between.

The multifunction remote operates as a conventional thermostat, a Smart Thermostat which modulates flame height as the room reaches the desired temperature, or as a manual control. The remote also operates the included accent light.
