

INSTALLATION INSTRUCTIONS

DCA1ABL-1 ANDIRONS

FOR USE ON: (A)DVTL27FP90, (A)DVCX FIREPLACES AND DVCT(36,40,50)CFP95

INSTRUCTIONS MUST BE LEFT WITH OWNER FOR REFERENCE AFTER INSTALLATION.

1. Remove Offset Frame and Glass Frame assembly. See Fireplace Installation Instructions.
- (A)**DVCX models only:** Remove control panel. See Fireplace installation instructions.
3. Place Andirons into Firebox. See Figures 1.
 - The Andiron “legs” must sit on the firebox floor, brick, stone, or sheet metal liners.
 - The Rear Bracket of each Andiron must rest upon the left or right edge of the Burner.
 - If necessary, adjust the height of the Rear Bracket by loosening the nut on the back side. Use a 7/16-inch wrench or socket.
4. Replace items removed in Step 1. See Fireplace Installation Instructions.
