INSTALLATION INSTRUCTIONS AND OWNER'S MANUAL

INSTALLER:

Leave this manual with the appliance.

CONSUMER:

Retain this manual for future reference.

⚠ WARNING

FIRE OR EXPLOSION HAZARD

Failure to follow safety warnings exactly could result in serious injury, death or property damage.

- Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.
- **WHAT TO DO IF YOU SMELL GAS**
 - Do not try to light any appliance.
 - Do not touch any electrical switch; do not use any phone in your building.
 - Leave the building immediately.
 - Immediately call your gas supplier from a neighbor's phone. Follow the gas supplier's instructions.
 - If you cannot reach your gas supplier, call the fire department.
- Installation and service must be performed by a qualified installer, service agency or the gas supplier.

LOG INSTALLATION PREPARATION

LOG PLACEMENT

The positioning of logs is critical to safe and clean operation of this fireplace. Sooting and other problems may result if the logs are not properly and firmly positioned in the fireplace.

BEFORE BEGINNING THE INSTALLATION:

1. Remove barrier screen and glass door on fireplace using instructions from the fireplace manual.
2. Remove the burner cover using a screwdriver. Push up pins 6, 7, 8 and 9 as shown in **Figure 2**.
3. Place burner cover into fireplace.
4. Place logs in position as shown in **Figure 1** and the following pages. **DO NOT** force holes into the logs. Install using the holes located in each log.

Figure 1 - ALS(3236,42)FF

⚠ WARNING

Apply loose material (embers) per instruction manual. **DO NOT** apply extra material not supplied with this appliance. All previously applied loose material (embers) must be removed prior to reapplication. Do not cover large ports with loose material (embers).

EMBERS AND COAL PLACEMENT

After placing logs into position, place dime-sized pieces of glowing embers over the burner surface. A single layer is sufficient; do not over-apply. See **Figure 3**.

HOW TO ORDER REPAIR PARTS

Parts Not Under Warranty

Parts can be ordered through your Service Person, Dealer, or a Master Parts Distributor. See this page for the Master Parts Distributors list. For best results, the **service person or dealer** should order parts through the distributor. Parts can be shipped directly to the **service person/dealer**.

Warranty Parts

Warranty parts will need a proof of purchase and can be ordered by your Service Person or Dealer. Proof of purchase is **required** for warranty parts.

All parts listed in the Parts List have a Part Number. When ordering parts, first obtain the Model Number and Serial Number from the name plate on your equipment. Then determine the Part Number (**not** the Index Number) and the Description of each part from the following illustration and part list. Be sure to give all this information . . .

Appliance Model Number _____

Part Description _____

Appliance Serial Number _____

Part Number _____

Type of Gas (Propane or Natural) _____

Do not order bolts, screws, washers or nuts. They are standard hardware items and can be purchased at any local hardware store.

Shipments contingent upon strikes, fires and all causes beyond our control.
